Sparkly, Glittery, Fluffy Boy Love!

The story in the "bridge" makes their hearts understand each other. Outside the story, when looking into the "city" for a better view, "Barn" is unexpectedly going out for our sight. What is intended effect can also understand that they became closer anyway. Still, the story into a somewhat extreme of "Barn" makes another call to their hearts. And, the story has that no more what to come. (See "after the bridge")

Even if it
doesn't.

Do you
like
flowers?

That's so
girly

I wanna
see too.

Hi-kun

Why are you
always reading
that book?

Hi-kun

Over.

Not

Just a
peek.

What about
your parents?
Have they
come back?

I remember
sorry about
that.

That accident
took them away
the only time
you talked

So

I am.

It's exactly
as you said

I guess
I'm just

I'm jealous
of honest
people

This guy

Fine with
anyone
who is kind
to me
